

# Meylin Hernandez

## Dance Instructor

Meylin embarked on her dance journey at the tender age of 5. Her path led her to Miami Arts Charter School, where she immersed herself in Ballet, Modern, Contemporary, and Jazz disciplines. Building on this foundation, she further honed her skills at Xpressit Dance Center, refining her abilities across various dance styles while also becoming a member of their competitive dance team.

Being part of this team exposed Meylin to a multitude of workshops and competitions throughout Florida, contributing to her growth as a dancer. Along her journey, she had the privilege of collaborating with exceptional instructors and choreographers who ignited her own passion to share her expertise. This inspiration led her to take on teaching roles and craft her own choreographic works. Meylin's classes radiate positivity and her own passion for dance. She focuses on building a solid technical foundation while also encouraging creative exploration. Her aim is to provide a supportive space where her students can nurture their skills and chase after their dance dreams.
